infilling	

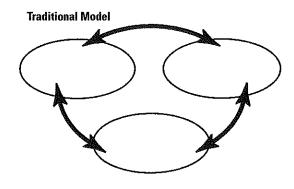

ACTIVITY SHEET 15-2

Name:	 	<u>.</u>
_		
D-4		

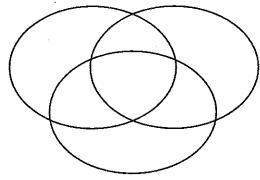

Models for Urban Places

Without the aid of the text, provide the missing information on the two different models for making decisions about urban places. When you have completed the diagram, check your answers against Figure 15-26 on page 389 of the text.

Models for Urban Places

Sustainable Model

List six qualities found in sustainable cities:					
					M - 2 (B-20)
